<tbody>
<tr>
<td>1.</td>
<td>To promote the bioelectric programme</td>
</tr>
<tr>
<td>2.</td>
<td>To promote cooperation between the European Union and Cuba and the Caribbean</td>
</tr>
<tr>
<td>3.</td>
<td>The creation and development of the university network of Cuba in the Caribbean</td>
</tr>
<tr>
<td>4.</td>
<td>To support the development of the Cuban solar thermal energy programme</td>
</tr>
</tbody>
</table>

## Our future

The objective of the Cuban government is to increase the mix of renewable energy sources in the generation of electricity from 7% to 37% by 2030.

**Biomass/Biogas**
- Install 612 MW in 17 bioelectric farm by 2030.

**Wind Power**
- Install 807 MW in 13 Wind Farms.

**Solar Power**
- Install 2104 MW in Solar Power plants by 2030.

**Hydroelectric**
- Construction of 74 small hydropower stations with more than 56MW.
Key figures from 2018

- Exhibition Space: 2,300 m²
- Conferences / activities: 25
- Visitors: +3,500
- Participating countries: 12
- Networking meetings: 313

Sectors represented at the trade fair

- Raw materials, manufacture of equipment and components
- Evaluation, promotion and development of investments
- Design, engineering and construction
- Operation and maintenance
- Production and stockpiling
- Transport and distribution
- Commercialisation of products and services
- Waste management and energy recovery
The perfect platform to break into the Cuban market

COMMERCIAL EXHIBITION
Keep up-to-date with the Cuban market, present your products to potential buyers and share knowledge with industry experts.

CONFERENCES AND WORKSHOPS
Presentations and launching of new products and projects. Training and educational workshops.

NETWORKING MEETINGS AND INVESTMENT FORUM
A personalised agenda of meetings with leading purchasers and investment project managers.

Second sustainable energy forum in Cuba and the Carribean
SUSTAINABLE ENERGY FORUM
CUBA 2022

Exhibition, workshops and the forum
