Fira de Barcelona –organizer of the international benchmark event **Smart City Expo World Congress**– under The Patronage of **His Excellency Sheikh Khalid Bin Khalifa Bin Abdulaziz Al Thani, The Prime Minister of Qatar, and The Ministry of Communications and Information Technology (MCIT)** are joining forces to organize the second edition of the Smart City Expo Doha, that will take place from 29th to 30th of March 2022, at Qatar National Convention Center (QNCC), in the city of Doha (Qatar).

“Sustaining a future of resilience” is the core motto of the new edition, which aims to identify specific solutions to address the challenges cities are facing nowadays, as well as share the knowledge and the latest urban innovations in order to push forward on how to build better places to live in. Over two days, this congress and exhibition event will hold several sessions to outline and discuss different topics such as Sustainable cities, Reshaping digital public services, City as a platform, Global economy and digital readiness, Sports events in a connected society, among others.

The event will gather key stakeholders from **public administration, policy-makers, experts, researchers, activists, and community organizers**, as the best way to work together on sustaining a future of resilience, continuing at the forefront of change and collaborating in order to accelerate new social and economic paradigms, contributing value to our cities.
